WHAT MEMBERS ARE SAYING...

“Participating in SilverSneakers has enhanced my well-being by permitting me to continue having access to a facility that has high quality exercise equipment in a clean orderly environment. I can do this even though I am on a fixed income. I am proud that I can spend 65 minutes on a SciFit trainer.”

“I have been a devoted “gym rat” for almost 40 years. SilverSneakers enables me to have my choice of classes they offer. I’m motivated by how good I feel, how healthy I am and the friends I’ve made. I’m also able to keep up with my 2 year old grandson!”

“I am 72 years of age. I had a significant stroke five years ago and, thankfully, have recovered from it. I asked my doctor if I could go back to the gym and he said a resounding “yes” but cautioned me that I am no longer 30 years old and to be careful with my routine. I took his advice.”
