

MAKING A DIFFERENCE IN OUR COMMUNITY

"We are happy to support projects that promote children and family in a healthy environment"

DONOR SPOTLIGHT: V&H AUTOMOTIVE

Jeff and Michelle Hamus (pictured above) have a long history with the Y. Shortly after relocating to Marshfield to join the family business (V&H Automotive), they donated to the first building campaign in the 1980's. Since then, their entire family has stayed active at the Y, including swim lessons, birthday parties, sports, and teen nights.

"Our decision to support the YMCA has been steadfast throughout the years. We donate each year to provide access to children that otherwise may not be able to participate in Y programs," said Michelle. "We want to provide all kids a healthy foundation to build upon in their life."

Recently, V&H Automotive donated a shuttle van that is being used to help deliver the NOW (Nutrition on Weekends) food supplies and assembled lunches, serving 400 children in our community. The van will also be used for after school and summer camp programs, as well as transporting seniors to and from the Y.

"We feel blessed to call Marshfield home and have a business with great employees that allows us to give back to our community," said Jeff. "We are happy to support projects that promote children and family in a healthy environment."

On behalf of those who will benefit from your donation, thank you, V&H Automotive and Jeff and Michelle!
