

## WHY DO PRIVATE LESSONS?

For over 100 years the YMCA has been setting the pace for aquatic instruction. We would like to welcome you to the YMCA adaptive swim lesson program. Through adaptive swim lessons our trained instructors will strive to assist you or your children in achieving individual goals. In addition, they will create a specialized program tailored to focus on improvement of skills. All lessons will last for 30 minutes, and are one-on-one, to maximize learning opportunities. If you have any questions, please contact our Aquatic Director.

### Swim Lesson Promise

Your child will be treated as an individual. We will provide a safe and positive atmosphere for learning and encourage your child to perform each skill to the best of his or her ability.

### YMCA MISSION:

To put Christian principles into practice through programs that build healthy spirit, mind, and body for all.
